Second Swiss Annual Neuro-Oncology Symposium 2010

Thursday, April 22, 2010

Invitation to the Second Swiss Annual Neuro-Oncology Symposium

Dear Colleagues,

we are pleased to invite you to the "Second Swiss Annual Neuro-Oncology Symposium" which will be held on April 22, 2010 at the Cantonal Hospital of St. Gallen.

The symposium will present new developments and "state of the art" standards in the treatment of brain and leptomeningeal metastasis. Moreover we will focus on new insights in primary CNS lymphomas from the US point of view and rare tumors of the adults involving the central nervous system.

Together with the former symposium held in Zürich 2009 and on behalf of the interdisci-

plinary community of neuro-oncologists, we aim to establish a national swiss curriculum of Neuro-Oncology. This curriculum is divided into four modules (I: "Gliomas", II: "Symptomatic treatment in patients with brain tumors"; III: "Metastatic brain tumors"; IV: "Rare brain tumors") and will be repeated every two years. Two modules will be joint together to form an annual meeting taking place at different locations all over Switzerland. Hoping to attract your interest, we are looking forward to meet you in St. Gallen

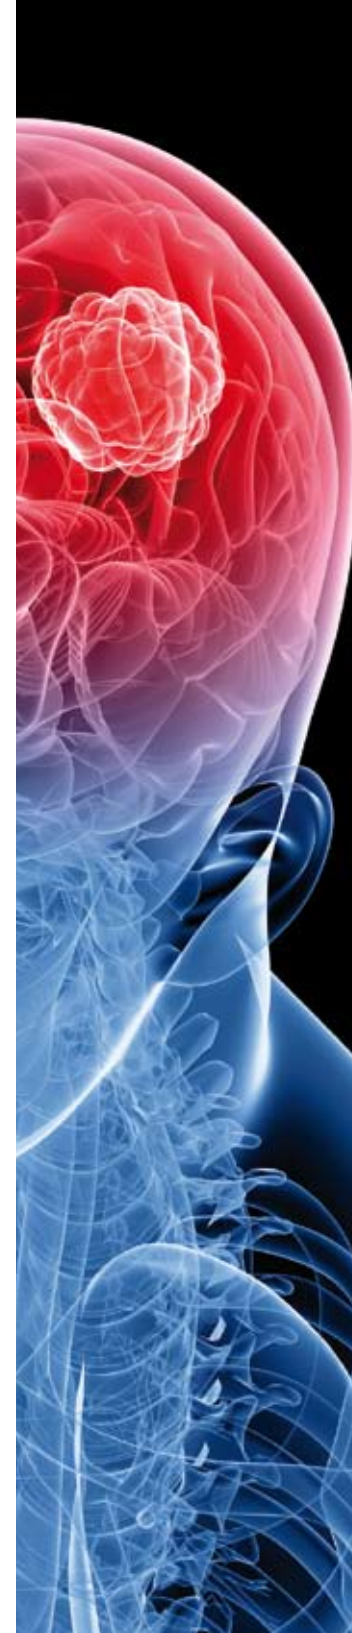

Prof. Dr. T. Cerny , Prof. Dr. B. Tettenborn, Dr. T. Hundsberger

Program

- 14.00 Welcome and introduction**
Thomas Hundsberger und Ludwig Plasswilm, St. Gallen
- Brain metastasis**
Chair: Ludwig Plasswilm, St. Gallen
- 14.05 Surgical approach**
Karin van Leyen, St. Gallen
- 14.25 Modalities of radiotherapy**
René O. Mirimanoff, Lausanne
- 14.45 Role of chemotherapy and targeted therapies**
Andreas Hottinger, Genève
- 15.05 Discussion**
- Leptomeningeal metastasis**
- 15.10 Clinical problem and differential diagnosis**
Ulrich Roelcke, Aarau
- 15.30 CSF diagnosis – pitfalls and opportunities**
Michael Torzewski, St.Gallen
- 15.50 Therapeutic options**
Sabine Bühler, Bern
- 16.10 Discussion**
- 16.10 – 16.40 Coffee break**
- Other brain tumors**
Chair: Gianfranco Pesce, Bellinzona
- 16.40 Primary CNS lymphoma**
Lauren Abrey, New York
- 17.10 Discussion**
- 17.15 Intravascular lymphoma involving the brain**
Thomas Hundsberger, St. Gallen
- 17.35 Adult medulloblastoma**
Patrik Weder, St. Gallen
- 17.55 Closing remarks**
